Hi Wendell:

I left you a voicemail earlier this week. I want to make sure the City and MPS are coordinated around lead and water issues. We are moving forward with more community engagement around this, and have gotten regular questions on MPS and school facilities (as well as daycares). It would be good to be able to speak with one voice for the public, as well as understand what each of our organizations is doing, and when.

Let me know when a good time to talk may be, and who is a good point of contact at MPS to coordinate with the City's working group on this issue.

-Aaron
